

Registering for Broadcom Mainframe ILT Product Courses

Follow these steps to register for Broadcom Mainframe Instructor-led Training (ILT) Product Courses.

- 1 To register for a virtual or in-person instructor-led training course: Go to [Support.Broadcom.com](https://support.broadcom.com) – dashboard portal.
- 2 Log in with your credentials or [register as a new user](#).
- 3 Scroll down and locate the [Learning@Broadcom](#) card on the bottom right of the screen.

- 4 Click 'Register'. This brings you to [Learning@Broadcom](#).

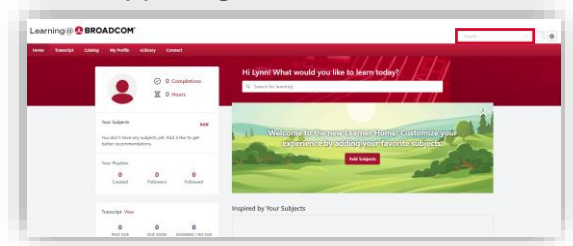

Registering for Broadcom Mainframe ILT Product Courses

FAQs:

- Ensure you are registered with your company's site ID in the support dashboard.
- You can search for courses via either search box, however the upper right box has a wider search scope.
- You can search by course code or course name (partial or complete).
- The course will note the number of available seats.
- Be sure to select the correct session (by the displayed dates).
- Ensure all prerequisite courses are completed. Incomplete prerequisites can prevent registration.

- 5** Search for courses (by course code or name)!
- Note:** For best results, use the search box in the upper right.

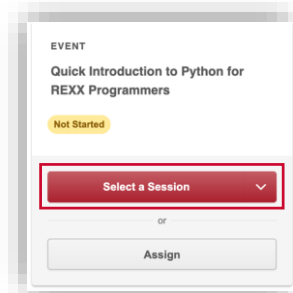

- 6** The search results display.

- 7** Click the course name.

- 8** Click 'Select a Session'.
